What is GeoBlue NavigatorSM?

Worldwide health insurance and services for career missionaries and volunteers.

The GeoBlue Navigator health plan meets the needs of missionaries and volunteers by offering comprehensive worldwide benefits—inside and outside the U.S.—without the typical limits, eligibility conditions and benefit exclusions common among traditional plans. Unlike plans that limit furlough coverage, GeoBlue Navigator covers stateside tours, delivering the continuity and convenience of benefits that are truly seamless and portable.

GeoBlue Navigator is the premier health plan for missionaries and volunteers because it combines these benefits with concierge-level medical assistance and easy access to an elite community of carefully selected hospitals outside the U.S. and a network that includes 95% of all doctors and 96% of all hospitals in the U.S. through the Blue Cross and Blue Shield Network. GeoBlue Navigator gives missionaries and volunteers peace of mind, knowing they always have the freedom to access top medical care and benefits no matter where their ministries take them.

Affordable monthly premium with no loading!

Meet GeoBlue, an experience well beyond that of traditional health insurance.

GeoBlue provides unsurpassed service and the convenience of mobile technology to access the best medical care no matter what town, country or time zone.

Easy Access to an Elite International Provider Community

GeoBlue has a network of doctors that includes almost every speciality you may need in over 190 countries.

Only a small fraction of doctors around the world meet GeoBlue standards – participation is by invitation only. We seek out professionals certified by the American or Royal Board of Medical Specialties who speak English, and we factor in recommendations from over 169 Physician Advisors from all over the world. Then we assemble in-depth profiles so our members can choose with confidence, and we put formal contracts in place to ensure patient access. Once they've seen you, GeoBlue doctors bill us directly so you don't have to file a claim.

In the U.S. you have cashless access to the Blue Cross and Blue Shield network in all fifty states.

Strength of the Blue Brands in the U.S.

GeoBlue members have access to the Blue Cross and Blue Shield network within the U.S.

More than 95% of physicians and more than 96% of hospitals across the U.S. are a part of the BlueCard Network.

Emergency Evacuation and Centers of Excellence

GeoBlue coordinates emergency services with a worldwide network of contracted Regional Physician Advisors as well as air ambulance operators selected for their safety records. Members in need of life-saving medical intervention are treated in Centers of Excellence in the U.S. and around the world whenever possible.

Around-the-Clock Assistance Call Center

GeoBlue maintains a 24/7, toll-free call center to assist GeoBlue members with everything from routine requests to medical emergencies. The GeoBlue staff has years of experience with international medical assistance and has close working relationships with our International Provider Community.
